

New York Stock Market

New York, December 30.—Quotations of stocks turned downward rather sharply at times during the early trading to-day on a continuance of the bear selling which affected prices Saturday. Traders had few new developments to work on, and although they favored the short side of the market, the downward movement had little breadth.

Selling was concentrated largely in the three largest issues, Reading Union Pacific and Steel, each of which was depressed a point, but losses amongst most of the other prominent stocks were confined to fractions. Before the end of the first hour the decline was halted and prices gradually worked upward, until shortly before the close when the list eased off in sympathy with international scattered liquidation among high priced investment stocks. American Express sold down to 150, the lowest price for twelve years. Copper were strengthened by the announcement of large sales of the metal. The principal selling agencies were said to have added to the price of 12-1/2, which has been quoted for some time.

General Electric and Westinghouse were strong. Despite indications of tight money at the close of the year, call money opened at 6 per cent, and although it fell off sharply before the end of the day, renewals were made at 7 per cent, as compared with 12 per cent on Friday.

There was some breadth to the bond market. U. S. 2s coupon advanced 1-4 on call.

New York, December 30.—Money on call easier; highest and ruling rate, 1-4 per cent; lowest, 2-1/2; last loan, 2-1/2; closing bid, 2-1/2 offered at 2-1/2.

Time loans weaker; sixty days, 6 per cent; ninety days, 5-1/2; six months, 5-1/2; one year, 5-1/2.

Sterling exchange firmer, with actual business in bankers' bills at \$4.81 for sixty day bills, and at \$4.810 for demand.

Commercial bills, \$4.80 1-2.

Har silver, 62 1-2.

Mexican dollars, 49.
